

INCOSE UK SOUTH COAST LOCAL GROUP

We are in the process of forming a South Coast Local Group of INCOSE UK, to provide an opportunity to share ideas with like-minded colleagues in an easygoing evening atmosphere. Attendance to South Coast Group events will not be restricted to INCOSE members and, where possible, will be free of charge.

Forthcoming Events

We are arranging our inaugural event and this is likely to include a presentation on the **Galileo Satellite programme**

Whilst our first event will probably be held in the Portsmouth area, we hope to provide an interesting programme of events attracting attendees from a wide geographical area.

Contacts

Further information on the group and details of forthcoming events will be posted on our page on the INCOSE UK website –

We Need YOUR Help!

This group will only work if we have sufficient support. At this stage we would like to gauge potential interest so please either complete and return the form overleaf to the address above, or contact one of the committee members above if you based around the South Coast region, might attend one of our forthcoming events and are interested in finding out more.

If you have any suggestions for topics / presentations or would like to host an event then please contact any of the committee members. If you would like to become involved in the organisation of the group then please contact us.
