# **INCOSE UK News Update**

## **Scottish Local Group Launch - Tuesday 2nd September 2008**

**Book today to ensure you don't miss out**

The Scottish Group are holding an afternoon event focusing on 'Systems Engineering for Business Success' followed by a drinks reception to celebrate the launch of their local group for more details and to register go to the [event web page.](#)

## **Register now for 'TRIZ – Rapid Innovation Problem Solving'**

**One Day training seminar - Tuesday 21st October 2008**

### **What is TRIZ?**

TRIZ is a problem solving methodology. The principal TRIZ tool directs us to find all the ways of solving a problem - to find new concepts and the routes for developing new products. TRIZ offers systematic innovation; learning TRIZ and following its rules will accelerate creative problem solving both for individuals and project teams.

## **Who will benefit?**

Any engineer from senior management to undergraduate. Design engineers, systems engineers, R&D personnel, technical and process managers, business managers, researchers, training managers and engineering managers.

Space is limited and will be allocated on a first come, first served basis.

For more information and to book please visit the [event web page](#).
