INCOSE UK NEWS

INCOSE UK Wins President's Award for Best International Chapter

At this year's INCOSE International Symposium we were once again awarded the INCOSE President's award for the Best International Chapter. Part of the reason for our success is the very high standard of technical activity undertaken by individual members and UK based working groups.

Our Chapter was also awarded the President's Award for outstanding Achievement as an INCOSE Chapter at the same event.

UK Gets Its First CSEP

Congratulations to Adam Cannell of NATS who has recently passed his CSEP (Certified Systems Engineering Professional) examinations. This makes Adam the first engineer in the UK to be awarded this certification.

For more information on CSEP visit the certification section of the INCOSE website:
<http://www.incose.org/educationcareers/certification/>.

Scottish Local Group Launches

The Scottish local group will have its launch meeting - "Business Success Through Systems Engineering" - on the afternoon of 2nd September at the Institute of System Level Integration in Livingston. Speakers will include Andrew Daw, Hillary Sillitto, Prof Ian Sommerville of St Andrews University, Hermine Schnetler of the Astronomy Technology Centre, Malcolm Currie of Parsons Brinkerhof and Gerry Watt of Electronics in Scotland.

Bookings will go live on the INCOSE Online website on 12th August <http://www.incoseonline.org.uk/>.

The Autumn Assembly 2008 (AA08) - 24th to 25th November 2008

This year's Autumn Assembly will soon be here. The first flyer outlining the event has been sent out and should be arriving on your doormat shortly. Information is being posted on the [Autumn Assembly web page](#) and registration will open in early September.

New Communications Director

The Board is pleased to announce the appointment of Ian Gibson from Sula Systems to the role of Communications Director. Ian has been doing a similar role within the Bristol Local Group for the past few years, so this is really just a case of moving up to a bigger stage.

EVENTS DIARY

- 02 Sep 08 **Scottish Local Group Launch Meeting**
Theme will be Business Success Through Systems Engineering.
Location is Institute for System Level Integration (iSLI), Livingston, Scotland
- 24 to
25 Nov 08 **Autumn Assembly 2008**
Theme will be on Best Practise.
Location is Heythrop Park Hotel Golf & Country Club, Enstone, Chipping Norton, Oxfordshire.
- 30 Mar to
01 Apr 09 **Annual Spring Conference 2009**
Location is to be confirmed.
- 19 to
23 Jul 09 **2009 International Symposium**
Theme will be East meets West - The Human Dimension to Systems Engineering.
Location is Singapore.

OPPORTUNITIES

Artisan Software Tools Ltd: Applications Engineer (salary commensurate with experience)

artisan
your model for success

Artisan Software Tools is the leading independent supplier of industrial-grade, collaborative modelling tools for complex, mission-critical systems and software.

We are looking for an experienced systems engineer to join our growing consulting team. You will provide pre and post-sales consulting support related to Artisan Studio® and associated products. This is a stimulating highly technical customer-facing role dealing with process and the application of UML, SysML, and Architectural Frameworks such as DoDAF and MODAF. Experience of aerospace and defence markets is preferred but not essential. To apply, please send your resume to hr@artisansw.com.

BAE Systems

BAE SYSTEMS

BAE Systems are looking for Systems Engineers to work in their Innovation Centre, working as part of a team investigating system architectures. Ideally applicants will have experience of architectural concepts and design, simulation and modelling, and the design and application of UML / SysML models.

To read more please go to www.baesystems.com/careers/ and search in the uk for 40602 or 40609. Alternatively, email simone.dibiase@baesytems.com with any questions.
